CXD-210 Citrix XenApp and ZenDesktop Administration 7.6 LTSR
(5 Days)

About this Course

This course is designed for students with little or no previous XenApp or XenDesktop experience. Obtain foundational knowledge of XenApp and XenDesktop required to be successful with the platform. Learn to install, configure, and manage a highly available environment comprised of XenApp and XenDesktop controllers, StoreFront, Citrix Receiver, Director, and Profile management. Refer to the topic outline for a detailed view of topics covered in the course.

Note: This course is based on XenApp and XenDesktop 7.6 LTSR (Long Term Service Release) including the hands-on labs providing a stable platform for learning.

Audience Profile

Students interested in learning to install, configure, and manage XenApp and XenDesktop including: Administrators, Implementers / Engineers and Architects.

Prerequisites

Before taking this course, Citrix recommends that students prepare for this course by taking the following course:
- CXA-105 XenApp and XenDesktop Foundations

It is also recommended to gain a basic understanding of the following concepts and technologies:
- Familiarity with how to navigate and use Windows Server 2012 R2

At Course Completion

Upon successful completion of this course, learners are able to:

- Describe the architecture and communications of XenApp and XenDesktop components
- Understand the prerequisites for a successful XenApp and XenDesktop deployment
- Install and configure a highly available XenApp and XenDesktop site
- Deploy and deliver apps and desktops to end users using Machine Creation Services (MCS)
- Understand the differences and benefits of Provisioning Services as an image management solution
- Install and configure a highly available Citrix StoreFront site
- Install and configure Citrix Receiver for end user access
- Set up Citrix Profile management for end user data
- Understand and configure printing within a XenApp and XenDesktop environment
- Understand and configure Citrix policies for managing end-user session experience
- Understand how to configure basic security features of XenApp and XenDesktop
- Use Citrix Director to monitor and troubleshoot end user sessions and view environment trends
